A CHECK LIST
OF
BRITISH INSECTS,

LIX + 483 pp

BY

GEORGE SIDNEY KLOET
F.Z.S., F.R.E.S., M.S.B.E.

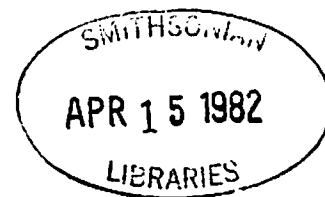

AND

WALTER DOUGLAS HINCKS
M.P.S., F.R.E.S., M.S.B.E.

WITH A PREFACE BY N. D. RILEY

"The making of such catalogues is one of the most important and immediately useful tasks in which the systematist can engage, for if no catalogue exists one of the first things that the student of any special group must do is to make one for himself."—Ferris, *Principles of Systematic Entomology*, 1928: 159
