tarsine antecis nigris, alis sublimpida venas halteribusque flavescentibus.

**Female.** Black, shining. Head and thorax with some black bristles. Head yellowish beneath; disk of the vertex and of the face chalybeous. Antennae piceous, nearly reaching the epistoma; third joint linear, elongate. Abdomen elongate oval, hardly longer than thorax. Legs yellow; fore tibiae and fore tarsi black. Wings nearly liniid; veins and halteres yellowish; discal transverse vein straight; parted by less than its length from the border, and by much more than its length from the prebrachial transverse vein. Length of the body 1½ line; of the wings 2½ lines.

**Subfam. Oscinidae, Fallén.**

**Gen. Chlorops, Meigen.**

**Male.** Blackish brown. Head ferrugineous, with a few black bristles. Antennae dull tawny; arista long, slender. Thorax and pretex with cinereus tomentum. Abdomen a little shorter than the thorax; hind borders of the segments whitish. Legs dingy cinereous. Wings cinereous; veins black; discal transverse vein straight, parted by nearly its length from the border, and by more than its length from the prebrachial transverse vein; halteres whitish. Length of the body 1½ line; of the wings 3 lines.

**Subfam. Geomyzidae, Fallén.**

**Male and Female.** Testaceous. Head and thorax beset with long stout bristles. Antennae much shorter than the face; third joint elliptical, about twice the length of the second. Abdominal elliptical, not longer than the thorax; hind borders of the segments pale testaceous. Legs pale testaceous, with black bristles. Wings cinereous; veins black; testaceous towards the base; discal transverse vein straight, parted by less than its length from the border, and by much more than its length from the prebrachial transverse vein. **Male.** Third, fourth, and fifth abdominal segments with a black dot on each side. **Female.** Fourth and fifth abdominal segments with a black dot on each side. Length of the body 2 lines; of the wings 3 lines.

70. Drosophila dorsalis. Pallide testacea, thoraces vitta abbreviata scutellique guttae duabus nigris, alis limpidis venas albidis venas costalis nigra.

**Pale testaceous.** Head and thorax with black bristles. Antennae much shorter than the face; third joint conical; arista plumose. Thorax with a black stripe, which is abbreviated hindward; scutellum with a black dot on each side of the tip. Wings liniid; veins whitish; costal vein black; discal transverse vein straight, parted by much less than its length from the border, and by very much more than its length from the prebrachial transverse vein. Length of the body 2½ lines; of the wings 4½ lines.

**Subfam. Hybomyzidae, Fallén.**

**Male.** Black. Head with short black bristles. Eyes large. Antennae black, much shorter than the face; third joint round; arista short. Abdomen bright silvery above, piceous beneath, much broader and a little longer than the thorax. Wings cinereous; veins and halteres black; discal transverse vein straight, parted by nearly its length from the border, and by twice its length from the prebrachial transverse vein. Length of the body 1½ line; of the wings 2 lines.

**Subfam. Notiphila, Fallén.**

**Female.** Brown. Head and thorax black bristles. Head whitish about the eyes. Antennae brown, much shorter than the face; third joint linear, about the length of the second; arista plumose. Thorax with five cinereous stripes. Pectus cinereous. Abdomen with a cinereous stripe, and with widely interrupted cinereous bands on the hind borders of the segments. Knees, and tips of the tibiae and of the joints of the tarsi cinereous. Wings dingy cinereous, darker along the apical part of the costa; veins black; discal transverse vein parted by half its length from the border, and by more than twice its length from the prebrachial transverse vein; halteres testaceous. Length of the body 2½ lines; of the wings 4½ lines.

**Male.** Cinereous black, with black bristles. Antennae red, black towards the tips; third joint conical; arista plumose. Abdomen elongate oval, a little longer than the thorax. Tibiae piceus. Wings...
